

# BacPac Broker backpack

*A notebook backpack with a business look*

With its professional look the ergonomic BacPac Broker is the ultimate business alternative to a sporty notebook backpack. The unusual form as well as its black & silver grey colour combination make it extremely attractive.

The spacious document compartment offers room for documents, power supply units, and other mobile equipment. The attached front pocket gives further space for mobile phones, pens, business cards and so on. The optimal size and design make this a serious notebook case and yet it is easy and comfortable to carry on your back.

The cushioned notebook compartment safely secures the notebook against bumps and knocks, and for comfortable carrying we have included cushioned, adjustable shoulder straps and breathable back cushioning.

An ideal companion for the office commute, short business trip, or trade fair visit.

Available in black/grey.
